TOWN OF BEAVERLODGE

Beaver Tails News

Water Meter Update

On May 28, 2023 our radio communications system that reads water meters failed. Since this date, we have not been able to get the reads which produce our billing for consumption.

We have only been able to bill for basic charges and NO CONSUMPTION at this point.

At this time, we still have not received the replacement parts.

We encourage residents and business owners to take a photo of their water meter and send it with your physical address to utilities@beaverlodge.ca prior to the month end. We can then manually enter your readings to provide an accurate bill.

We continue to encourage residents and business owners to put money onto their accounts so they are not hit with a large consumption bill once the system is back up and running. We thank those that have already done this.

We understand the frustration this has caused and appreciate your patience as we work through this issue and look forward to restoring normalcy to our water meter readings soon.

If you have any questions please call utilities at 780-354-2201 ext:1024
