Subject: Invitation to Community Wellness and Safety Multi-Agency Stakeholder Meeting

The County of Grande Prairie is committed to fostering community wellness and safety for all residents—both within and beyond our borders. As part of our ongoing efforts to develop a comprehensive Community Wellness and Safety Strategy, we are convening a multi-agency stakeholder meeting to engage and collaborate with key community partners.

Please join us on **Tuesday, February 3, 2026, from 1:00 p.m. to 4:30 p.m.** in the Ovintiv Room at the Tara Centre (Evergreen Park) for this important gathering. This half-day meeting will feature keynote presentations from the RCMP's Community Safety & Well-being Branch and Odyssey House's HopeHub. In the second half of the meeting, we will host breakout sessions in order to:

- Explore collaborative approaches to strengthen, enhance, and protect our communities
- Identify and discuss specific crime-related concerns or trends affecting a particular geographical region or industry sector
- Exchange ideas and insights across sectors

This inaugural meeting will bring together representatives from municipal and provincial government, law enforcement, local businesses, not-for-profit organizations and practitioners working within public (social) service agencies—including those involved in community policing, crime reduction, and safe communities.

Your voice and expertise are vital to this initiative, and we hope you will join us in shaping a safer, healthier future for our region.

We are hoping to have two representatives from each municipality attend this meeting. Please confirm who will be in attendance by replying to this email by January 23rd, 2026.

Monthly Report to Council

Date: January 2025

From: Nick Kebalo

Department: PW/H&S

Project/Event	Highlights/Concerns
Health and Safety committee	The H&S committee meets again in February
Snow removal	Town has been plowed multiple times throughout December and early January. We have currently hired two contractors to help us haul snow from problem areas in town. We are continuing to plow while we haul.
Snow Dump	We have hired a contractor to bulldoze the snow and plie it to have room to continue to haul. This was completed Jan 11 th and we now have room to continue to haul snow.
Culverts in Industrial	6 culverts are scheduled to be done in 2026 season. When complete 10 culverts will be replaced in the industrial area.
Outdoor Rink	We were able to get the rink flooded enough to skate on by Dec 23 rd 2025. We have tried diligently to keep snow off the rink over the holidays to allow the kids to skate.
Arena	We are having issues with people plugging our main service line with paper towel this has caused 2 separate backup issues, that were the source of the water issues at the high school. We will be re routing the weeping tile system in the spring to eliminate any potential for water to go to the school parking lot.
