Leisure Pool and Lazy River Closed For Repairs

Our leisure pool is temporarily closed as we investigate an issue related to maintaining water levels. At this time, specialized testing is required to help determine the cause of the problem. Unfortunately, this testing cannot be completed for several weeks, which means we do not yet have a clear timeline for reopening the leisure pool.

While this closure is disappointing, we are pleased to share that the large pool remains open and available for business and fun. Visitors can continue to enjoy the facility, and all scheduled programs will carry on as normal. Where needed, programs may be adjusted to ensure they continue to run smoothly and provide a positive experience for participants.

Although issues like this cannot always be anticipated, our team is working to better understand the situation and take the necessary steps forward. We truly appreciate the patience, understanding, and continued support of our community during this maintenance period. We will share updates as more information becomes available.
